Local and Miscellaneous News.

A. B. EASTON, Editor.

Notice to the Public.

Owing to the largely increased and constantly increasing expense of publishing our paper, we are obliged to charge for the insertion of advertisements in the columns of this newspaper. We call for political or public notices, society notices, religious announcements, obituary and marriage notices, and other similar notices, such as have been heretofore published free of cost. The charges for such announcements will be as follows: Marriage Notices, 50 cents each; Obituary Notices (single announcements of death only), 25 cents; notices of public meetings, etc., one-half of our established rates for ordinary advertisements according to the space occupied. We have heretofore cheerfully given publicity to notices of the kind alluded to, without charge, but notice to ourselves requires that we should do so no longer.

Persons bringing or sending such notices to the office for publication, should bear in mind that they will not be inserted unless the payment for such insertion accompanies the copy.

BERRBERIES.—The crop of berries, of nearly all kinds, is remarkably good this season. Blueberries are plenty in market, selling at ten cents a quart.

PROMOTED.—We are happy to learn that our old friend, PAUL E. B. DUNN, has received a commission as Second Lieutenant in the 72d regiment A. D.

DEFERRED.—The yearly report of the City Superintendent of Schools was handed to the board for publication in this issue. It will appear in our next.

DWELLING HOUSE FOR SALE.—Dr. RHOODES offers his house and lot on School-house hill for sale at a bargain. See advertisement.

IN TOWN.—Gov. MILLER, Hon. D. B. HALEY, Hon. CHAR. McLELLAN and Hon. CHAR. SCHREYER were in town yesterday, on a visit of inspection to the State Prison.

REPAIRING AGAIN.—The saw mill of Messrs. SCHREYER & CO., which has been stopped for some time for the purpose of making repairs upon the chimney, started again on Friday morning.

PERSONAL.—We were favored on yesterday with a call from SAM. FRYER, of the Polk County Press. Sam. shut up his office during Independence week and went off on a Fourth of July "bust" and was just returning home.

BOY DROWNED.—A son of Mr. Clifford, residing in the lower part of the city, was accidentally drowned in the lake, on the 30th ult. Although but a few moments elapsed before he was rescued, all efforts to resuscitate the poor fellow were unavailing.

MORE CONSCRIPTS TO THE FRONT.—On Friday last, one hundred conscripts came down from Fort Snelling and embarked on the G. H. Grey, bound for Chattanooga, to join the Fourth regiment. From the *Press* we learn that three hundred conscripts in all have been sent forward, being one man for every five drafted.

NAVIGATION ON THE ST. CROIX is very uncertain. The *Enterprise* has not deserted yet, but only makes semi-occasional trips from Prescott to the lake. Between this point and Taylor Falls the river is nearly dry, and should-nosed steamers frequently "hang up" on the bars. No boats have been up for three or four weeks, although the late heavy rains will probably cause a slight rise.

FOR THE JAMES RIVER.—Some ten or twelve men have left this place having been employed on the Fort which Government is about to construct on the James river. The workmen get \$2 per day—their pay to commence at the time of leaving home, and continuing until their return. We understand that our former townsman, Capt. J. E. McKusick, is to have charge of the work.

SHARP PRACTICE.—H. A. TAYLOR of the Hudson Times sold his printing office a few weeks ago to Moses GINSON, for a certain sum, receiving about one thousand dollars down. He about a week Mr. GINSON got alarmed because some of the customers ordered out his advertisements for personal reasons, and told the office back to Mr. TAYLOR for one thousand dollars less than he gave.

HEAVY RAINS.—During the past ten days we have had frequent and heavy showers, which must prove of untold benefit to the growing crops. On Tuesday and Wednesday, of last week rain fell during nearly the whole of both days, and although it did not rain very hard it rained continuously, thoroughly saturating the earth to a considerable depth, which has not happened before for a long time. And on Friday night we were visited by a thunder storm, accompanied by heavy winds, and a small quantity of large hail, during which a vast amount of rain fell. All fears of a drought are now over, and the various kinds of grain give fair promise of an average yield.

THE FOURTH OF JULY.—Our National anniversary passed quietly by without any public demonstration, every one seemingly preferring to observe the day in that way and manner which to him or her might seem conducive to the greatest enjoyment. One large party of ladies and gentlemen went on a picnic excursion to Carnation Lake, taking boats, fishing tackle and umbrellas. They represent it as having been a huge time. In town, all was placid, with few exceptions. In the latter part of the day, a few individuals, overdoing with lager and patriotism, undertook to get up a little disturbance, but through the instrumentality of the "strong arm of the law" and the strong arm of JACK STORRELL, order and quiet were at once restored.

In the evening, there were no less than three balls in town, which were all crowded, and the gay and festive throng merited the feeling hours away till morning light.

Send your little child to bed happy. What ever cares press, give it a warm good-night kiss as it goes to its pillow. The memory of this in the stormy years that fate may have in store for the little one, will be like Bethlehem's star to the bewildered shepherd.

MISSING.—Two of our citizens, OLIVER GEORGE and HANSON KNIGHT, left here over two weeks ago, for a short tour of exploration in the vicinity of Apple river. They were accompanied by Wm. GAVES, and left him in the morning in charge of the team, with the expectation of returning that evening, taking with them their dinner and a compass. Since then nothing has been heard from them. Mr. GAVES, after waiting some twenty-four hours past the time agreed upon for their return, procured the assistance of two Indians as guides, and made an extensive but fruitless search for several days. He then returned home for supplies and assistance, since which time several parties have been searching through the country in that vicinity, and this morning quite a large party left here for the purpose of making a thorough and systematic search for the missing men. It is said that one of the party, Mr. GEORGE, had, some time since, a trivial difficulty with one of the Chippewa Indians, and it is feared, from the well known revengeful nature and treachery of the Indian character, that advantage may have been taken of their defenseless condition, and that they have both been murdered by the red devils.

It has also been rumored that their compass might have been lost, and that they, becoming bewildered, may be wandering about in the woods, or have gone through to some distant point and may yet return safe. But this hope is dispelled by the fact that they are both woodmen, and could not be lost in that vicinity, even without a compass or guide of any sort.

It is also reported that the woods are filled with deer, many of them of the most desperate character, and fears are entertained that the missing men may have been put out of the way by the deer under the apprehension that they were spies upon their track.

We shall probably know definitely upon the return of the party which has gone up today, and in the meantime we can only hope for the best.

THE FIFTH REGIMENT.—This regiment of re-enlisted veterans arrived at St. Paul on Thursday the 30th ult., on board the *Albany* and G. H. Grey. They were welcomed by the people of St. Paul in a very flattering manner. A banquet was prepared for them by the ladies of that city; Gov. MILLER made them a welcoming speech, and the people turned out en masse to manifest their admiration for the brave men who had gone forth to save our impeded nation.

The regiment now numbers—commissioned officers, 30; enlisted men, 233. Total 263. Company K was recruited in this place by Capt. G. T. CURTIS, and numbered, at the time of the departure of the regiment, 92 men. The duties of this regiment have been of the most arduous kind—it having been their fortune to be placed during the whole time constantly in the front, exposed to all the privations, hardships and dangers incident to the soldier's life.

By great illness and by the fiery ordeal of battle their number is now reduced to 85 men, all told—two officers, and thirteen enlisted men—whose names we append:

Capt. J. P. HOUTON; First Lieutenant Francis G. BROWN; First Sergeant Thomas Morgan; Sergeant R. B. MABONY; Corporal G. O'GRIFF; Privates Charles Fields, John Gage, Daniel Hawkins, Jefferson Kings, M. Duran, P. McLaughlin, J. Otto, J. Walker, William Wints, Robert Galtchell.

What sort of a reception did these war-worn veterans receive in Stillwater?—These brave men who, after two years of fighting, have re-enlisted, and come home for a short visit among their friends—what sort of greeting do they meet with from the patriotic people of Stillwater? Were there any cannons fired? did the Mayor or some other city functionary make them a welcoming speech? did the people crowd the streets with cheers or other manifestations of joy? did they erect triumphal arches for our "returning heroes"? did they suspend flags and banners along the streets? did they prepare a sumptuous banquet for their entertainment? Nothing of the kind.

It is a shame and a disgrace to our people that something has not been done—some public demonstration made—to testify our gratitude to these battle-scarred heroes, and our heartfelt appreciation of their sufferings and services in our country's cause.

LOST.—By the subscriber, between the 14th and 31st day of June, 1864, about \$100 in greenbacks. The loser is not certain of the exact day or place of losing, but thinks—if it has not been stolen from him—he lost it somewhere in this city, or between this city and his home on the Marine road, just beyond Brown's Creek. Whoever will return the same will be liberally rewarded.

4-3 PATRICK O'DONNELL.

THE REPORT OF THE ATTENDANCE IN THE public schools of the city of Stillwater for the month ending July 1, 1864.

SPECIAL NOTICE TO PASSENGERS.—The Direct Route

from La Crosse to Chicago and all Points East and

South, is via Minnesota Junction and Chicago and

Northwestern Railway.—Passengers purchasing

tickets via La Crosse to go East or South, should be

particular and ask for tickets via Minnesota Junction,

which can be bought at all times as low as by any

other route. This passenger may be secured of

Both trains from La Crosse connect direct at Minne-

sota Junction with Express Trains for Chicago, giving

ample time for dinner or supper at the Junction. And

to avoid detention by missing connection, the trains on

the Chicago and Northwestern Railway will wait a

reasonable time at Minnesota Junction for delayed

trains from La Crosse.

Splendid patent ventilated cars

run on all day trains, and elegant new sleeping cars

on night trains.

Trains arrive in Chicago so as to connect direct

with trains going East and South by any other route,

with ample time for breakfast or supper in Chicago, and

passengers traveling through tickets are taken from the

Chicago and Northwestern Railway depot to other de-

posits free of charge.
